

European Journal of Surgical Cases

FROM THE EDITOR

As the co-editors, we are honored and immensely pleased to be able to announce that the European Journal of Surgical Cases (EJSC) is starting to be published with the present issue to its life as a case-journal covering all fields of surgical sciences. EJSC will publish every case reports published in Eur J Surg Science as well as case reports sent directly to EJSC after peer-review process. We would like to thank everyone involved in this long process for their hard work during establishment. Our goal is of course to become one of the prestigious journal in the field followed by being indexed in SCI and Pubmed. We have no doubt our journal will be selected in the near future, since everyone involved in the publication process performs their work with dedication and great enthusiasm. Without your support as a manuscript author all those efforts are unsopported.

We would like to thank and extend our sincerest gratitude once again to Bilimsel Tıp Yayinevi and it's owner Mr. Ibrahim Çevik, for his full support during the establishment process.

I hope that the Eur J Surg Case will become an important online-journal in the field and it is obvious that this is only possible with your support.
